NERVOUS HEADACHES

Frequently Caused by Mental Overwork.

Can Be Cured Only by Toning up the Nervous System, the Treatment Which Restored This Young Ithaca Woman to Health.

One who has not endured the suffering caused by nervous headache cannot realize the awful agony of its victims. Worst of all, the ordinary treatments cannot be relied upon to cure nor even

to give relief that is permanent. Some

doctors will say that if a person is subject to these headaches there is nothing that will prevent their recurrence. Nervous headaches, as well as neuralgia, are caused by lack of nutritionthe nerves are starved. Feed the nerves by furnishing through the blood the elements which they require and the cause of these nervous troubles is re-

moved. The only way to feed the nerves is through the blood and it is in this way that Dr. Williams' Pink Pills have accomplished so many remarkable cures. Miss F. Mae Markell, of 103 Huestis street, Ithaca, N. Y., says: "I had nervous headaches for several years. They began when I was a student in the high school. I was studying hard, grew pale and thin and my friends were afraid I was going into a decline. I had no appetite, my digestion was poor and I lost in weight.
